Brushed Natural Brass / white

ACTUAL PRODUCT PHOTOGRAPHY / NUMBERED TO THE SELECTION SCHEDULE

ROOM PACKAGE 01

Exterior + arrival

A quiet warm shell with architectural lighting that introduces the restrained brass-and-black language before the front door.

Design intent

Keep the body warm and soft, not stark. Use the coach lights as the exterior statement; repeat black only in windows, address numbers or door hardware so it stays controlled.

FIELD COORDINATION

Confirm substrate preparation, sheen, wet-location rating, mounting height, junction-box position, dark-sky requirements and front-elevation symmetry.

PHOTO PENDING

01

EXTERIOR BODY PAINT

Sherwin-Williams Duration Exterior Acrylic Latex

SW 7008 · Alabaster / Satin

FSD-WOM-B-001 · $89.99 / gallon

02

COACH LIGHT

Kichler Hone Outdoor Wall Light

59138BKT · Textured Black / Natural Brass

FSD-WOM-B-002 · $289.99 / each

THE COMPLETE PACKAGE

What you receive

A coordinated visual direction plus the records needed to specify, price, source and hand the package to a project team.

01

Design direction

Original kitchen and bathroom concept renderings establish the finished look and whole-home design language.

02

Mapped selections

Numbered rooms connect visible finishes to exact product records, model numbers and takeoff IDs.

03

Whole-home scope

Exterior, throughout, kitchen, laundry, living/dining, bedrooms, primary bath and hall tub bath.

04

Actual materials

Manufacturer, collection, SKU, finish, performance notes and price basis for each selection.

05

Where to buy

One manufacturer record plus two retailer, dealer or quote paths per product in the workbook.

06

Editable takeoff

Change fixture counts and measured areas; formulas update order quantities and reference totals.

FROM PALETTE TO QUANTITY

Editable takeoff logic

The companion workbook turns the same product records into order quantities. Yellow cells are the project inputs; formulas apply waste and coverage assumptions.

COUNTED FIXTURES

Sinks, toilets, tubs, valves, faucets, lights and hardware

Input count × (1 + waste)

FLOORING

Hard floor and carpet measured in square feet

Measured area × waste

TILE

Backsplash, shower walls, shower floor and tub surround

Measured tiled area × waste

PAINT

Interior walls, ceilings and exterior body

Surface area ÷ coverage × 2 coats × waste

STONE

Kitchen, laundry and vanity surfaces

Measured surface × waste; fabricator verifies slab yield

CABINETRY

Kitchen, laundry and vanity linear feet

Planning length only; final list comes from cabinet drawings

Baseline priced materials: $41,560.66

4 QUOTE-ONLY LINES EXCLUDED · LABOR / TAX / FREIGHT / PERMITS EXCLUDED

WHERE TO BUY

Sourcing + substitutions

Each record carries one official product page plus two retailer, dealer, fabricator or local-quote paths in the companion workbook.

01

Match identity

Manufacturer + collection/model + SKU/item number + exact finish.

02

Check the official record

Confirm dimensions, performance, installation requirements, warranty and required companion parts.

03

Compare purchase paths

Review current price, stock, lead time, shipping, returns, taxes and local pickup.

04

Approve alternatives

Do not substitute based on appearance alone. Confirm size, finish, performance and rough-in compatibility.

05

Version the package

Record any approved change with date, reason, product identity and affected takeoff rows.

AFFILIATE STATUS

No tracking codes embedded

The database supports affiliate URLs later. The first master keeps sourcing transparent while agreements are not yet active.
